

Remote Work Policy

Northwind Global Technologies, Inc. · Corporate Policy · HR

Owner	VP, People Operations	Category	HR
Version	2.1	Document Name	POL-HR-014 Remote Work Policy
Effective Date	2025-03-01	Review Date	2026-03-01

1. Purpose

This policy defines the expectations, eligibility, and obligations for employees who perform their duties remotely, on a hybrid schedule, or from a location other than a company office. It aims to support flexibility while maintaining productivity, security, and team cohesion.

2. Scope

This policy applies to all regular full-time and part-time employees whose roles are designated as remote-eligible or hybrid. It does not apply to roles requiring on-site presence, such as facilities, lab, or front-desk functions.

3. Policy Statements

Remote work arrangements must be approved by the employee's manager and documented in the HR system.

- Employees must be reachable and available during their agreed core working hours in the company's primary time zone.
- A safe, ergonomic, and private workspace appropriate for handling company information must be maintained.
- Company-issued devices must be used for all work involving Confidential or Restricted data.
- Hybrid employees are expected on-site a minimum of two days per week unless otherwise agreed.
- Employees must not perform work from a country not approved by Legal and People Operations.

4. Responsibilities

Managers approve and periodically review remote arrangements and ensure equitable treatment of remote staff. People Operations maintains this policy and resolves disputes. Employees are responsible for safeguarding equipment and reporting any change in work location.

5. Enforcement

Failure to comply may result in revocation of remote-work privileges and, in serious cases, disciplinary action. Reimbursement of home-office expenses is governed by the Expense & Travel Policy.

Revision History

Version	Date	Author	Summary of Changes
1.0	2020-04-15	S. Kim	Emergency remote-work guidance.
2.0	2023-02-20	S. Kim	Formalized hybrid model and core hours.
2.1	2025-03-01	D. Fernandes	Clarified cross-border work approvals.
